I would like to see the manifestation of this sympathy, and I would rather see it manifested in acts than in war has been successful, and that they are late us because we have planted our flag in every Southern State? No such thing. Do they sympathize with the widows and orphans of those who have been slain in battle? They say not a thing about that either. Is it by visiting the army and associating with the soldiers and officers? If so, I have me when Pendleton or Vallandigham-Richmond, or Robinson, or Allen, or any of the rest of them, have ever come to see the army, and take the hand of the soldier on the field of battle. Not one of them ever came to see us since the war began after we passed south of Cairo. I have met other men there-men from Indiana, Illinois, and all the Western States. I have seen Gov-ernors—I have seen a half of a Legislature —come to the field, and talk to the boys and see that they were cared for; but these men -never. I am willing to sell out my interest in their "sympathy" for a very small price. [Laughter.] They say that in the event of their party attaining power, we will receive all the care, protection and regard that the brave soldiers and sailors of the Republic brave soldiers and sailors of the Republic could restore this country by suppressing thave so nobly carned. The correspondent of the New York Herald with the Army of the Potomac publishes an unfinished letter written by a rabel officer to his mother and captured by our forces. The following admission is imo possible inducement for deception: "The spirit of our army is not as good as it was some time since; all are talking of going back in the Union. This is the ignorant class of course. I declare I become so vexed with them sometimes I can hardly govern myself. The great misfortunes with us is the greater part of our land is composed of ust such men."

## A Rebel Absurdity.

The rebels, and anti-Unionists generally are using the following absurt argumen among a certain class, to show them why they ought not to vote for the Union ticket Say they to them: "If McClellan is elected. Lincoln will immediately recognize the Southern Confederacy.'

Now this is a strange reason why any man who does not want the Southern Confederacy recognized should vote for McClellan. And the strangeness of the thing is, that it is an argument used by men who really want the Southern Confederacy recognized immediately, and are actually working to advance the interests of the Chicago nominees, believing that should McClellan and Pendles ton succeed their great desire will be realized. In using this argument, these men are only practicing their disposition to de ceive plain people.

When first we practice to deceive."
